INTERNSHIPS

AI–ML Virtual Internship [April-2025]

Apr 2025 – Jun 2025

• Completed a 10-week internship focused on core AI/ML concepts, model building, and hands-on practical exercises aligned with industry standards.

• Worked on supervised and unsupervised learning tasks, improving understanding of algorithm behavior and model performance evaluation.

• Gained practical experience with data preprocessing, model training, validation workflows, and real-world AI applications.

PROJECTS

Online Art Gallery Platform 🔗 ↗

Tech Stack: HTML, CSS, JavaScript, Bootstrap , React.js, Node.js, Spring Boot, MySQL, JWT, Razorpay.
  • Developed a full-stack online art gallery platform allowing users to browse, view, and purchase artworks.
  • Implemented secure authentication, admin artwork management, and Razorpay-based checkout for a smooth user experience.

News Aggregator Website 🔗 ↗

Tech Stack: HTML, CSS, JavaScript, React.js, Node.js, BootStrap, Spring Boot, MySQL.

• Built a platform that aggregates news from multiple sources into a single interface.

• Integrated APIs to fetch real-time new.

SOFTWARE SKILLS

• **Web Development**   : HTML, CSS, JavaScript, Bootstrap, React.js, Node.js.
• **Programming Languages**   : C, Java.
• **Database**   : MYSQL.
• **Version Control**   : Git and GitHub.

Course Work

• Data Structures and Algorithms.
• Object Oriented Programming.
• Operating Systems.
• DataBase Management systems.

Certifications

• Aviatrix Multicloud Network Associate.   Link
• Oracle Cloud Infrastructure Certified AI Foundations Associate.   Link
• Salesforce Certified AI Associate.   Link

Languages Known

• ENGLISH   HINDI   TELUGU
